Direction to issue a label has been given on: Not Applicable.

.....

SUMMARY OF THE REASONS FOR DECISION:

The computer image file entitled *04.jpg* is classified as:
Objectionable.

This classification is because the publication promotes and supports bestiality.

The publication depicts bestiality. For those with an interest in bestiality and inclined to see bestiality as sexually arousing, the publication serves to validate and legitimise that interest.

The classification of this publication interferes with the freedom of expression, as set out in s14 of the New Zealand Bill of Rights Act 1990. This outcome is consistent, however, with Parliament's intention that publications falling under s3(2) of the Films, Videos, and Publications Classification Act 1993 are deemed to be objectionable. The classification is also a reasonable limitation on the freedom of expression that reflects the concern of a free and democratic society to limit the availability of publications that promote and support bestiality.
